ABOUT US

Welcome to **Monday**. A real estate company that does things differently.

We're not here to sell you a dream and disappear. We're here to guide you through the reality of property, with a calm, clear and honest approach that puts people first.

From **sales and leasing** to **property consultancy**, we offer support that's personal and considered. Whether you're making an emotional move or a strategic investment, we tailor our service to suit your needs - connecting you with everything from mortgage brokers and FX consultants to trusted conveyancers.

At Monday, it's not just about property. It's about building long-term relationships based on trust, transparency and straight-talking advice.

Just the help you actually need, when you need it.

WHAT WE DO

LEASING

Whether you're a landlord or a tenant, we make leasing simple, stress-free, and straightforward. We handle everything from marketing and viewings to paperwork and move-in, always with your best interest at heart.

SALES

From first homes to investment properties, we guide you through the sales process with zero pressure and total transparency. We focus on getting the right outcome, not just a quick deal.

CONSULTANCY

Need advice before making a move? We offer honest, tailored consultancy on everything from market trends to legal steps, plus access to our trusted network of mortgage brokers, FX consultants, and more.

The Problem with Real Estate in Dubai? It's Too Competitive.

Real Estate Done **Differently.**

In a market that's often fast-paced and transactional, Monday takes a different approach. We believe in collaboration over competition, prioritizing people over profit. Rather than operating in silos, we work with trusted partners across the industry to offer you the best options, insights, and opportunities.

When you work with Monday, you get more than just one agent - you get a whole team dedicated to your success. Whether it's finding the perfect home, securing the right tenant, or making a strategic investment, we share knowledge, resources, and expertise to ensure the best outcome every time.

Whether it's finding the right buyer, the perfect tenant, or a smart investment, we share knowledge, resources, and ideas to make sure you get the best outcome, every time.

HOW WE WORK

We don't play favourites. Whether it's a studio or a penthouse, a rental or a sale, we give every property the same level of care, creativity and attention. That means professional photography, standout marketing, and a team effort behind every listing. Because no matter the price point, we know every move matters to someone and that deserves to be respected.

We treat every client like our only client. And we show up with the same energy, effort, and expertise every single time.

PARNTERSHIPS:

At Monday Real Estate, we believe that a seamless property journey goes beyond just buying or selling, it's about having the right support every step of the way. That's why we've built trusted partnerships with some of Dubai's leading mortgage brokers, interior designers, legal advisors, property managers, and relocation experts. Whether you're financing your dream home, furnishing it, or navigating paperwork, our network of trusted professionals is here to guide you with expert advice and reliable service, ensuring your experience is smooth, stress-free, and fully supported from start to finish.

Every Client Matters. Every Property
Deserves the Spotlight.
